Silver + at the start!

Kick-off meeting

The Erasmus+ program offers a unique opportunity to address crucial issues together with other countries and partners in Europe. There are many remote work tools, but it is always necessary and strategic to meet live to organize and understand each other and therefore work at best.

The kick-off meeting of the SILVER+ project was held at Belgium at the CIEP on 5 November 2018. This meeting was an opportunity to deepen mutual knowledge between project partners: during the meeting, the partners met and shared the work that each of them performs within their own organizations. During the meeting the partners discussed the main themes of the project. The work program focused on sharing the evaluation plan and presenting the communication plan. The next meetings were also planned.

2nd Transnational Meeting

POLAND

On the 15th and 16th of April 2019, the SILVER+ Partnership gathered for the second transnational project meeting. Danmar Computers was the host partner.

During day one, meeting participants discussed project management & implementation matters, including administrative aspects, documentation for the upcoming interim report and project lifecycle activities. Following this, the partners IRIPS & SilverSAP commenced the discussion on the development of SILVER+ Competency Frameworks. Partners agreed on the expected results and remaining works.

During day two, Danmar Computers presented the assumptions for the development of the SILVER+ e-Learning Platform. The partnership discussed the work plan, template for development of content and division of responsibilities.

Following this, the partner CIEP spoke on the Capacity Building Toolkit for Blended Learning and how it will be structured. Final parts of the meeting included the dissemination strategy & materials (presented by C'entro) and project quality monitoring & evaluation (lead by FyG Consultores).

UPCOMING EVENTS

The SILVER+ Partnership will next meet in Bastia at the end of September 2019.
