NEWS FROM CORAL!

First Intellectual Output is completed and available on YouTube & website.

The first intellectual output of the CORALproject contains videos of successful entrepreneurs from the UK, France, Poland, Spain, Italy (2x), Malta, Czech Republic and Sweden. In the videos, entrepreneurs present their life stories and career development, describing the most important skills one needs to succeed in entrepreneurship. The CORATOOL (self-assessment tool) is the main outcome of IO1. It is an important step to find what EntreComp skills adult learners are missing to be able to design the content of IO2 based on their needs. We will need to engage the unemployed adults /participants to take the self-assessment test.

Work on the second Intellectual Output is in progress.

Intellectual output IO 2 is composed of IO2.1 planning and content development of the Start-up Academy MOOC; IO2.2 design and development of the platform; IO2.3 design and development of guidelines for the conduction of laboratories on entrepreneurial capabilities.

The project team is preparing modules with training contents for each skill.

CORONA VIRUS

The COVID-19 corona virus has had so far, a devastating effect on the project. A completely new strategy had to be implemented. The project team summarized goals attained this far and discussed future steps. Project activities are to be adapted and these steps were discussed in a ZOOM meeting on the 11th of May 2020. A new GANTT chart was created with a new plan for a 3 months extension and the decisions were made to work according to the new timeline.

UPCOMING EVENTS

EASW workshop events

The project team scheduled the workshop events for May-November 2020. They can be held online or as a real workshop.

CORATOOL self-assessment will be tested to facilitate the identification of individual skill gaps, in particular for potential entrepreneurial ideas considering the current market demand.

Joint Staff Meeting C1 is expected to take place in Rome in December 2020.

2nd Transnational meeting in Malta in January 2021.

Co-funded by the Erasmus+ Programme of the European Union
