VOICES: EMPOWERING WOMEN FOR EQUAL PARTICIPATION AND DRIVING CHANGE

WHAT WE HAVE DONE SO FAR

We met at Vienna in November for our 3rd TPM! We discussed about the project's progress and organized our next objectives. The future looks bright!

OBJECTIVE

VOICES is a European (Erasmus+) project that aims to help bridging the gender divide and foster women's participation in society, by providing women and professionals working with them with a set of gender-responsive educational resources, specifically designed to promote gender equality and equal participation in society.

We are currently working on the translations of the *Toolkits and Roadmap* created for our first Result, while also wrapping up our *MOOCs* for the second Result.

PARTNERS

A multi-sectoral partnership of expert organizations in social innovation, VET and Life – Long – Learning, and empowerment for women joined forces to create a comprehensive educational proposal to support women, especially those at risk of exclusion.
