(massive open online course)

## What's new?

### TPM2: ESGDs! course content design and development

6 September

was held at **HAMK**   
to check all 18 modules, which at this stage of the project were at least in progress, and to discuss further materials

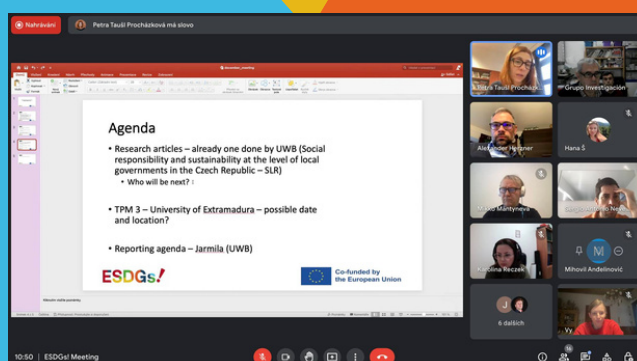

in September, all **language mutations of the website** were created

### ESDGs! December meeting

2 December

where we met online in order to finalised all modules for the pilot course and to talk about audio-visual materials we are currently working on, be it podcasts, videos or others

by the end of 2022, all **18 modules** are fully processed, including all language mutations
